Scrip Connection

For families

SCRIP is excited to offer a tuition credit plan for our Zion Families. Beginning May 1, you're your family unit will be able to build tuition dollars based on the percentage that participating SCRIP companies return to Zion School.

All SCRIP orders apply towards tuition credit. In stock SCRIP from the school office IS included. Grandparents, extended family and friends can get in on the act too! When they place their first order they will choose to direct their funds to your family. This is a terrific way to involve the entire family in your child's education. The 2009 -2010 school year returned up to $300 to our top families!

Any school family can take advantage of the "can't miss" opportunity. With the combination of orders from grandparents, extended family, friends and personal orders, the credit can really add up. The more you use SCRIP the greater the benefit to your bank account.

Start ordering now and have the stores where you shop help to pay your tuition!

Tuition credit earnings are based on 50% of the total SCRIP percentage, per order, per family. On a quarterly basis you will be notified of the amount of tuition credit your account holds. With your first order, you will direct which family your credit will apply to. This must be restated at the beginning of each year and will not change during the school year. Tuition credit will be distributed the second week on May, 2011. Tuition credit amounts under $5 will not be awarded. All credit will be paid directly to the tuition family through the SCRIP program. Tuition credit not directed to a family account will be applied to the Zion Lutheran School general fund.
